

✦ Work Experience

✦ Print Technician at Digital Print Lab, 2016-2017

Techs print artwork and photos on inkjet and laser printers, as well as large roll format, on specialty papers, cut vinyl, and assist in the proper layout and assembly of print publications.

✦ Career Internship with MFA Social Design/Maryland Responds, 2015

For this internship I worked on a team with other undergrad and MFA Social Design students, to consult the Maryland Government Medical Reserve Corps branch. Team research and design work addressed the volunteer recruitment, retention, and internal information strategies.

Teaching Assistant and Resident Counselor at MICA Precollege Program, Summers of 2013 & 2014 TARCs serve as TAs for precollege summer courses, lead studio time, and also function as RAs to high school students participating in the precollege program.

✦ Studio Technician at MSC Lab, 2012-2013

Responsible for maintaining studio space and providing aid with 3D printing, vinyl cutting, stop motion camera rigs, & Adobe software for freshman students.
